Dear Dr. Falconer,

Thanking you much for the kind trouble that you have taken and for suggesting that my son can take a course at the College at Guelph.

I also received one from Dr. Creelman and he has promised to let me have one of the College Calendars. I am writing to him to day more fully. It is likely that I will come over in the autumn when I hope to have the pleasure of calling on you.

Yours Sincerely

L. M. Hobson
